SIGNS ALONG THE WAY

For Christians the central event in human history is the life, death and resurrection of Jesus Christ. We are inspired by his example and empowered by his presence in our lives.

Our perspective on history is unique. We focus on the world outside, but we always view it from the foot of the cross. In everything we do we pray that we do it in the love and spirit of Jesus Christ.

Bill Lear is best known as the father of the Lear jet. Lear made a childhood resolution to make enough money so that he could not be stopped from finishing anything. A tinkerer, inventor, and self-made millionaire, Lear made a fortune with the Learscope and other navigational aids for aviation. He later branched out into stereo systems and communications satellites.

He was in his sixties when he launched the first Learjet, producing the ultimate personal aircraft at a price that most top executives could not resist. At 65, Lear sold the business, but did not like the life-style of a Beverly Hills millionaire, so he established a laboratory in Reno, Nevada, where he worked on developing a better steam engine and improving his jet aircraft. Lear kept working, even when he knew he was dying of leukemia. His last words to one of his colleagues were, "Finish it? You bet we'll finish it."

Jesus' last words to his disciples were "Go make disciples..."

In other words, finish what we have begun.

That is Jesus command to us today.

Finish what Jesus started. Finish what Paul and Apollos added.

Finish what millions of saints through the ages, including many who are dear to us, have added to the kingdom.

Let us not wait for someone else to share the good news of Easter morning.

Jesus said to them "you will be my witnesses in Jerusalem, and in all Judea and Samaria, and to the ends of the earth."

See you Sunday,  
Pastor Frank
