9/11

On Tuesday morning, [September 11, 2001](#), members of the Islamic terrorist group [al-Qaeda](#) hijacked four airliners as part of a series of coordinated attacks against targets in the United States. The Twin Towers in New York City were hit by one plane each, American Airlines Flight 11 and Flight 175, while

American Airlines Flight 77 was crashed into the Pentagon in Washington, D.C. The fourth plane, United Airlines Flight 93, is thought to have been headed for the White House, but passengers overtook the hijackers and the plane crashed into a field in rural Pennsylvania. More than 3,000 people lost their lives during what the deadliest terror attack on U.S. soil to date. Property and infrastructure damage amounted to over \$10 billion. The attack is thought to have been ordered by [Osama bin Laden](#), who was finally located and killed in Pakistan by U.S. Navy SEAL Team Six in May 2011. The 9/11 Memorial Museum occupies the sites where the Twin Towers once stood.
